Important Information

The maximum usage levels represent the supplied IFRA category limits for the fragrance compound in finished products. Not Approved indicates that the fragrance is not approved for the specified application under the supplied category assessment. Not Limited indicates that no numerical IFRA concentration limit was supplied for the applicable category. It does not mean that unrestricted use is automatically safe. The maximum permitted concentration is not necessarily the recommended fragrance usage level.

Conformity Statement

The above category limits have been transcribed from the supplied IFRA information for After Rain Fragrance Oil. Confirmation of the applicable IFRA amendment and manufacturer certification is required before this document can be issued as an official IFRA Certificate of Conformity.
