5. CONDITIONS OF USE

The maximum usage concentrations listed in Section 3 apply to the fragrance material in the corresponding finished-product categories. The manufacturer of the finished product is responsible for ensuring that the final formulation complies with all applicable IFRA Standards and cosmetic safety requirements. For applications outside the listed categories or at higher concentrations, an additional safety evaluation may be required. No Restriction indicates that no quantitative maximum is specified in the supplied IFRA information for that category. It does not remove the requirement for appropriate product safety assessment.
