

Material Safety Data Sheet

Polyglutamic Acid Powder

SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Polyglutamic Acid Powder

INCI Name: Polyglutamic Acid

CAS No.: 25513-46-6

Product Grade: Cosmetic Grade

Recommended Use: Cosmetic and personal care raw material

Country of Origin: China

Supplier: Botanic Planet Canada Inc.

Address: 2 Bram Crt Unit # 3-4 Brampton, Ontario, Canada

Telephone number: 905-455-4444

Emergency phone number (613)-996-6666 CANUTEC 24 HOUR EMERGENCY

SECTION 2 HAZARDS IDENTIFICATION

GHS Classification

This product is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29CFR1910.1200).

GHS Label elements, including precautionary statements Signal:

Not applicable

Hazard statement(s)

Not applicable.

Precautionary statement(s)

Not applicable.

Potential Effects:

- **Eyes:** Powder or dust may cause mechanical irritation.
- **Skin:** Prolonged contact may cause irritation in sensitive individuals.
- **Inhalation:** Airborne powder may irritate the respiratory tract.
- **Ingestion:** Not intended for ingestion.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Component	CAS No.	Concentration
Polyglutamic Acid	25513-46-6	92.40% assay

4. FIRST-AID MEASURES

Eye Contact: Immediately rinse cautiously with plenty of water for at least 15 minutes. Remove contact lenses if easy to do. Seek medical attention if irritation persists.

Skin Contact: Wash thoroughly with soap and water. Remove contaminated clothing. Obtain medical attention if irritation develops or persists.

Inhalation: Move the affected person to fresh air. Seek medical attention if coughing, irritation, or breathing difficulty persists.

Ingestion: Rinse mouth with water. Do not induce vomiting unless directed by medical personnel. Seek medical advice if a significant quantity has been swallowed or symptoms occur.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media: Use water spray, dry chemical, carbon dioxide (CO₂), or foam appropriate for the surrounding fire.

Specific Hazards: Thermal decomposition may produce irritating fumes and carbon oxides.

Protective Equipment: Firefighters should wear appropriate protective equipment and self-contained breathing apparatus where necessary.

6. ACCIDENTAL RELEASE MEASURES

Avoid generating or breathing dust. Wear appropriate personal protective equipment.

Carefully sweep or collect spilled material into a suitable closed container. Avoid dispersing powder into the air. Clean the affected area after collection.

Prevent large quantities from entering drains or waterways.

7. HANDLING AND STORAGE

Handling: Avoid contact with eyes and prolonged skin contact. Avoid inhalation of dust. Use appropriate protective equipment and good industrial hygiene practices.

Storage: Keep container tightly sealed in a cool, dry, well-ventilated area. Protect from moisture.

SECTION 8 EXPOSURE CONTROLS / PERSONAL PROTECTION

Occupational Exposure Limits: No exposure limit was provided in the supplied documentation.

Engineering Controls: Provide adequate ventilation. Local dust extraction may be appropriate for bulk handling.

Eye Protection: Safety glasses or chemical splash goggles.

Hand Protection: Suitable protective gloves.

Skin Protection: Normal protective work clothing.

Respiratory Protection: Where airborne dust cannot be adequately controlled, use appropriate particulate respiratory protection in accordance with applicable workplace requirements.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance White to off-white powder or granules

Assay 92.40%

pH (1% Solution) 5.4

pH Specification 5.0–7.5

Intrinsic Viscosity 1.47 dL/g

Absorbance (4%, 400 nm) 0.03

Loss on Drying 5.20%

Odour Not provided

Melting Point Not provided

Flash Point Not provided

Solubility Water

SECTION 10 STABILITY AND REACTIVITY

Stability: Expected to be stable when handled and stored under the recommended conditions.

Conditions to Avoid: Excessive heat, direct sunlight and moisture.

Incompatible Materials: Not specified in the supplied documentation.

Hazardous Decomposition Products: Thermal decomposition may generate irritating fumes and oxides of carbon, nitrogen and zinc-containing compounds.

SECTION 11 TOXICOLOGICAL INFORMATION

Specific toxicological test data were not provided

Possible routes of exposure include inhalation of dust, eye contact, skin contact and accidental ingestion. Avoid unnecessary exposure to concentrated raw material.

SECTION 12 ECOLOGICAL INFORMATION

Specific ecotoxicity, persistence, biodegradability and bioaccumulation data were not provided.

Avoid unnecessary release of concentrated raw material into the environment.

SECTION 13 — DISPOSAL CONSIDERATIONS

Dispose of unused product and contaminated packaging in accordance with applicable federal, provincial and local regulations.

Do not dispose of large quantities into drains or natural waterways.

SECTION 14 — TRANSPORT INFORMATION

UN Number: Not established from supplied documentation

Transport Hazard Class: Not established

Packing Group: Not established

Refer to the current manufacturer's SDS before preparing regulated transportation documentation.

SECTION 15 REGULATORY INFORMATION

Intended Application: Cosmetic raw material

Finished cosmetic products containing this ingredient must comply with applicable regulations in the jurisdiction where the finished product is manufactured and sold.

SECTION 16 OTHER INFORMATION

None

This product is a 100% pure and natural. It does not contain any artificial ingredients or adulteration of any kind to the best of our knowledge and specifications. The analysis and statements herein constitute the most complete information available to Botanic Planet Canada Inc. Please refer to all relevant technical information specific to the product, prior to use. This information contained in this material safety Data sheet is obtained from current and reliable sources. As an ordinary or otherwise user(s) of this product is outside the control of Botanic Planet Canada Inc., no representation or warranty, expressed or implied is made as to the effect(s) of such use (s) (including damages or injury) or any obtained. Botanic Planet Canada Inc. expressly disclaims responsibility as to the ordinary or otherwise uses. Furthermore, Botanic Planet Canada Inc. makes no claims as to the fitness for any use, and you should consider nothing container herein as a recommendation. The Liability of botanic Planet Canada Inc. is limited to the value of the goods and does not include any consequential loss. In the event of any dispute, the Customer hereby agrees that Jurisdiction is limited to the province of Ontario Canada.
