

REGULATORY & QUALITY INFORMATION

Product Information

Product Name: Fractionated Coconut Oil (100%)

INCI Name: Caprylic/Capric Triglyceride

CAS Numbers: 73398-61-5 / 65381-09-1

Country of Origin: Malaysia / Philippines

Source: Refined coconut oil derived from *Cocos nucifera*.

Regulatory Status

This product is intended for use as a cosmetic, personal care, pharmaceutical (where applicable), aromatherapy, massage, and industrial raw material. Customers are responsible for ensuring compliance with all applicable regulations in the countries where the product is manufactured, distributed, or sold.

Canada

Cosmetic ingredients are regulated under the Food and Drugs Act and the Cosmetic Regulations administered by Health Canada. Finished cosmetic products must comply with applicable labeling, ingredient, and notification requirements.

United States

Cosmetic products are regulated by the U.S. Food and Drug Administration (FDA) under the Federal Food, Drug, and Cosmetic Act (FD&C Act) and the Modernization of Cosmetics Regulation Act of 2022 (MoCRA), as applicable. Manufacturers and distributors are responsible for ensuring product safety, proper labeling, and regulatory compliance.

European Union

Cosmetic products intended for sale in the European Union should comply with Regulation (EC) No. 1223/2009 on Cosmetic Products, including applicable Good Manufacturing Practice (GMP), safety assessment, notification, and labeling requirements.

Good Manufacturing Practice (GMP) This product should be manufactured under a quality management system consistent with recognized Good Manufacturing Practices (GMP), such as ISO 22716 for cosmetic ingredients, where applicable.

Quality Assurance

Each production batch is subject to quality control testing to verify conformity with established specifications, including:

Appearance

Odor

Identity

Acid Value

Peroxide Value

Moisture Content

Fatty Acid Composition

Density

Refractive Index

A Certificate of Analysis (COA) is available for each production batch upon request.

Allergen Information

This product is derived from coconut (*Cocos nucifera*). Individuals with known coconut sensitivities should evaluate suitability before use. No additional allergens are intentionally added.

GMO Status

This product is not intentionally manufactured using genetically modified organisms (GMOs). Routine GMO testing is not performed unless specifically requested.

Animal Testing

Botanic Planet Canada Inc. does not intentionally conduct animal testing on this product except where required by applicable law.

BSE/TSE Statement

This product contains no animal-derived materials and presents no known risk associated with Bovine Spongiform Encephalopathy (BSE) or Transmissible Spongiform Encephalopathy (TSE).

Vegan Status

This product is manufactured entirely from plant-derived raw materials and contains no animal-derived ingredients.

Gluten Status

No gluten-containing ingredients are intentionally added during manufacture. However, routine testing for gluten is not performed.

Storage Conditions

Store in tightly closed containers in a cool, dry, and well-ventilated area, protected from direct sunlight, excessive heat, moisture, and strong oxidizing agents.

Recommended Storage Temperature: 15–30°C (59–86°F)

Shelf Life

48 months from the date of manufacture when stored in the original unopened container under recommended storage conditions.

Traceability

Each batch is assigned a unique batch number to ensure full traceability throughout manufacturing, quality control, and distribution.

Intended Use

For use as a cosmetic ingredient, personal care ingredient, massage oil, aromatherapy carrier oil, pharmaceutical excipient (where applicable), and for other industrial applications. Not intended for use as a medicinal product unless formulated and approved in accordance with applicable regulations.

Disclaimer. The information contained in this document is believed to be accurate and is provided in good faith based on information available at the time of publication. It is intended as general guidance regarding the product's quality and regulatory status and does not constitute a warranty, representation, or guarantee of product performance or suitability for any particular application. Customers are responsible for determining the suitability of this product for their intended use and for ensuring compliance with all applicable laws, regulations, and industry standards. Product specifications may be updated as part of ongoing quality improvement and regulatory changes.
