5. IFRA PROHIBITED MATERIALS

Supplier-provided declaration:

This fragrance compound does not contain any substances prohibited by the IFRA Standards.
This statement is reproduced from the supplied information and requires verification against the complete formulation, applicable IFRA Standards and supporting analytical documentation.

6. CONDITIONS OF USE

The maximum usage levels listed in Section 3 apply to the concentration of Rose Essential Oil (Rose Otto) in the corresponding finished products. The manufacturer of the finished product is responsible for ensuring that the final formulation complies with all applicable IFRA Standards, cosmetic regulations and safety requirements. For applications outside the listed categories or at higher concentrations, additional safety evaluation may be required. A listed concentration of 0.0000% or "Not suitable" means the material should not be used in that application under the supplied conformity statement.
